

# EXAMEN DE GENITALES EXTERNOS MASCULINOS Y DE LA PRÓSTATA

**\* Luis Zegarra Montes Dr. Mg.-UPCH  
Prof. Principal Dpto. Académico de Cirugía-UPCH.  
Jefe Servicio de Urología General y Oncología-HNCH.**

## Fimosis-Parafimosis

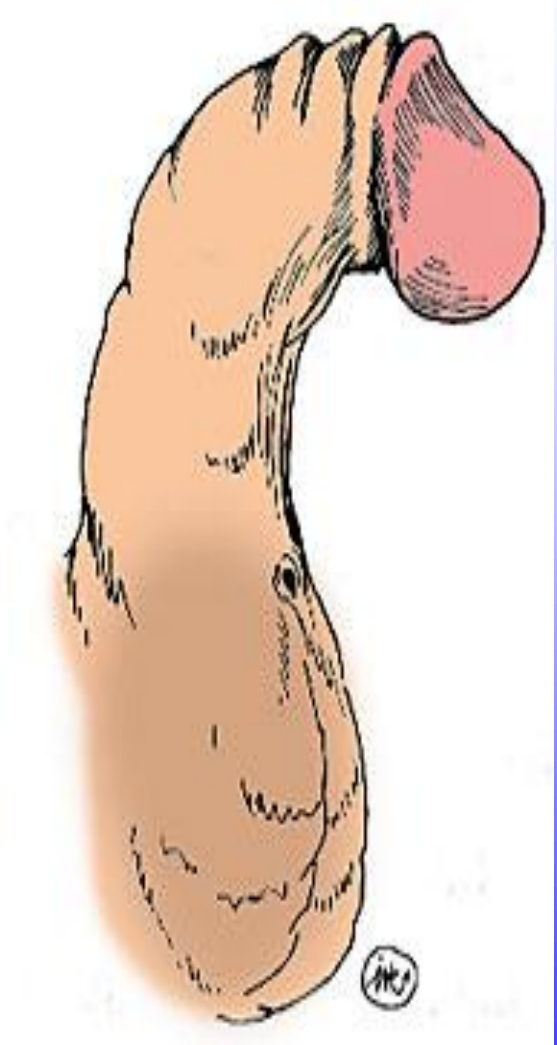

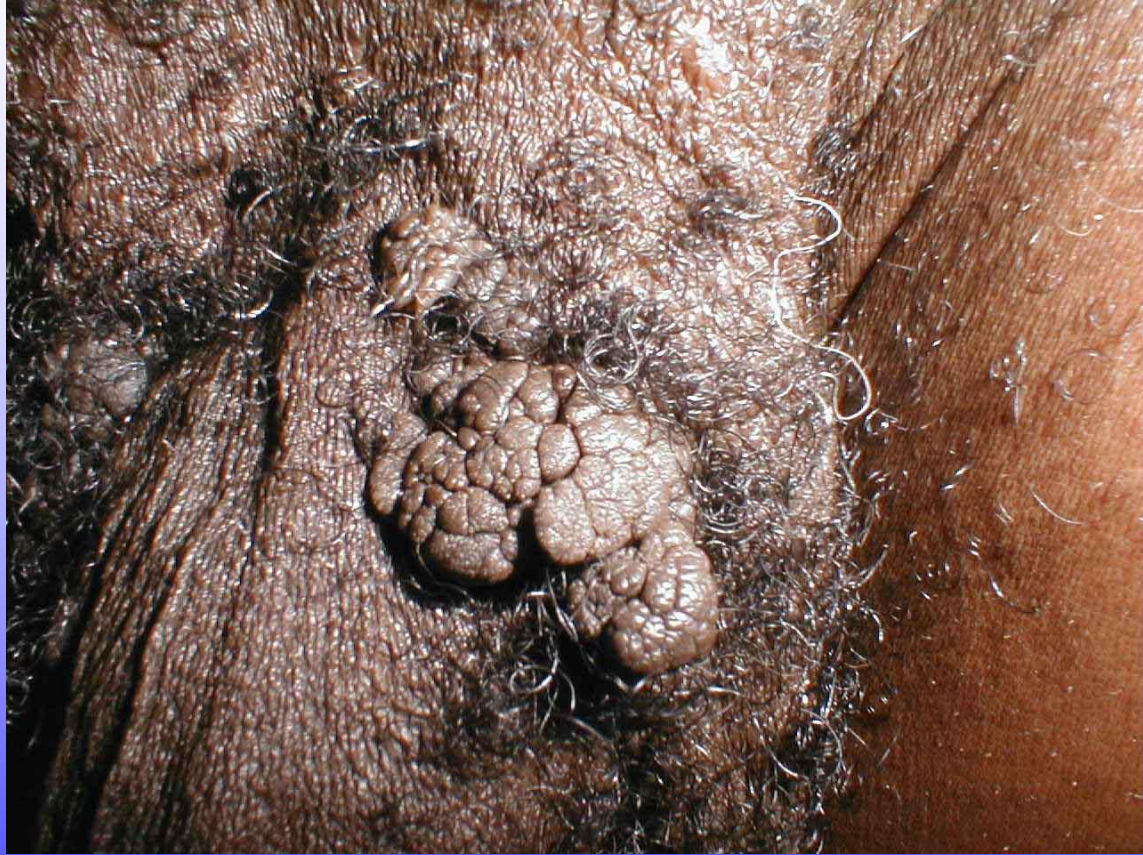

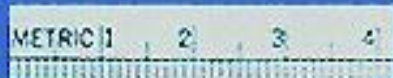

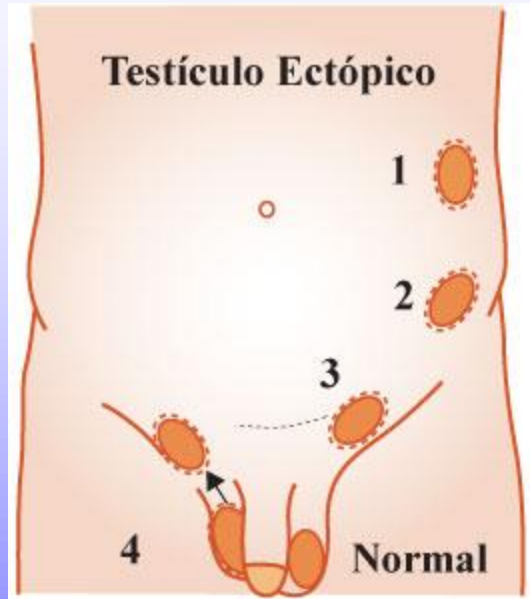

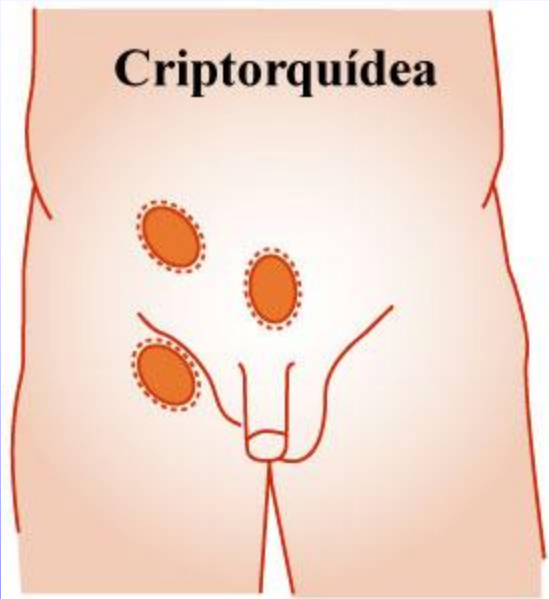

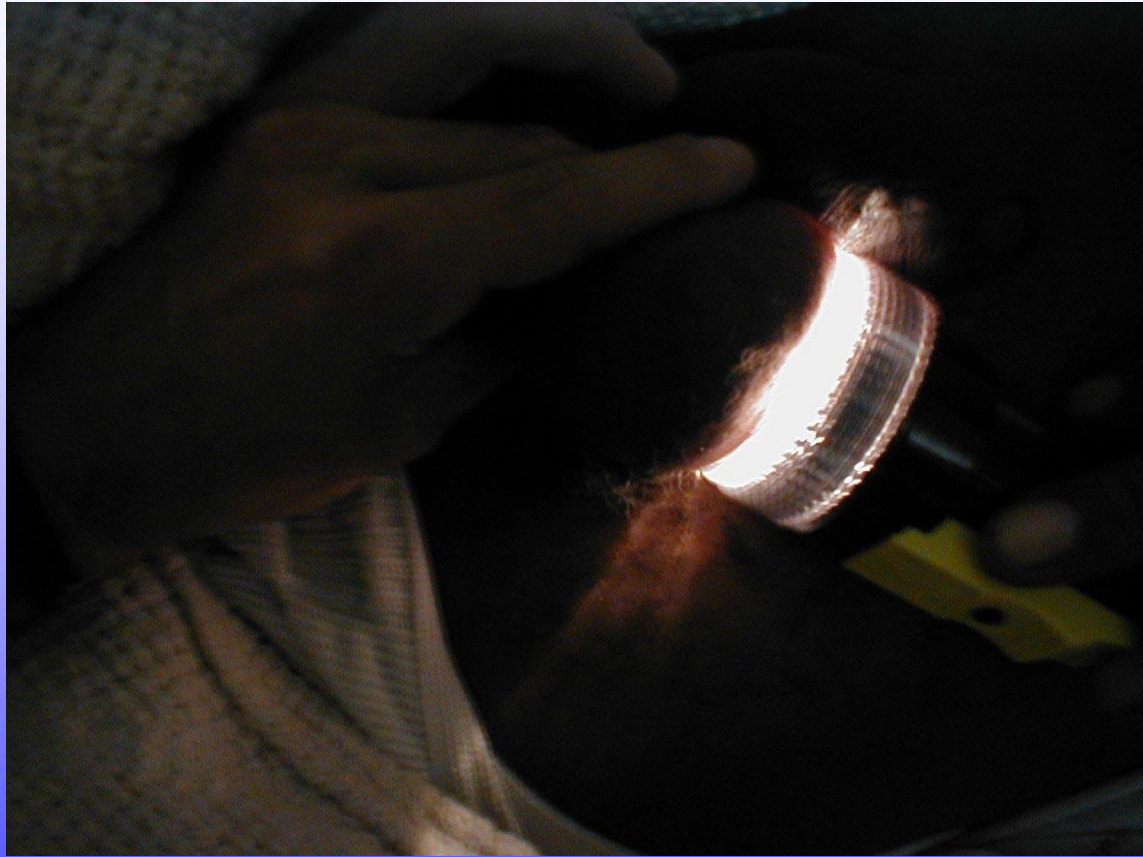

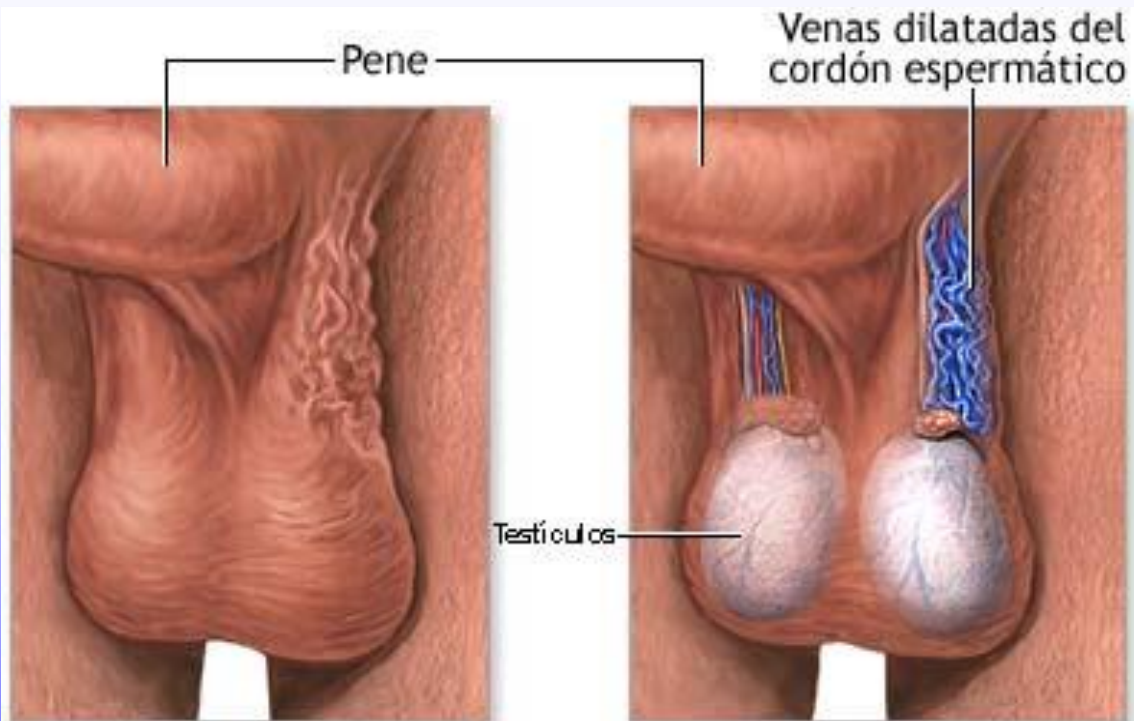

Es posible sentir los varicoceles y, en ocasiones, ver su apariencia de masas tortuosas en la superficie del escroto

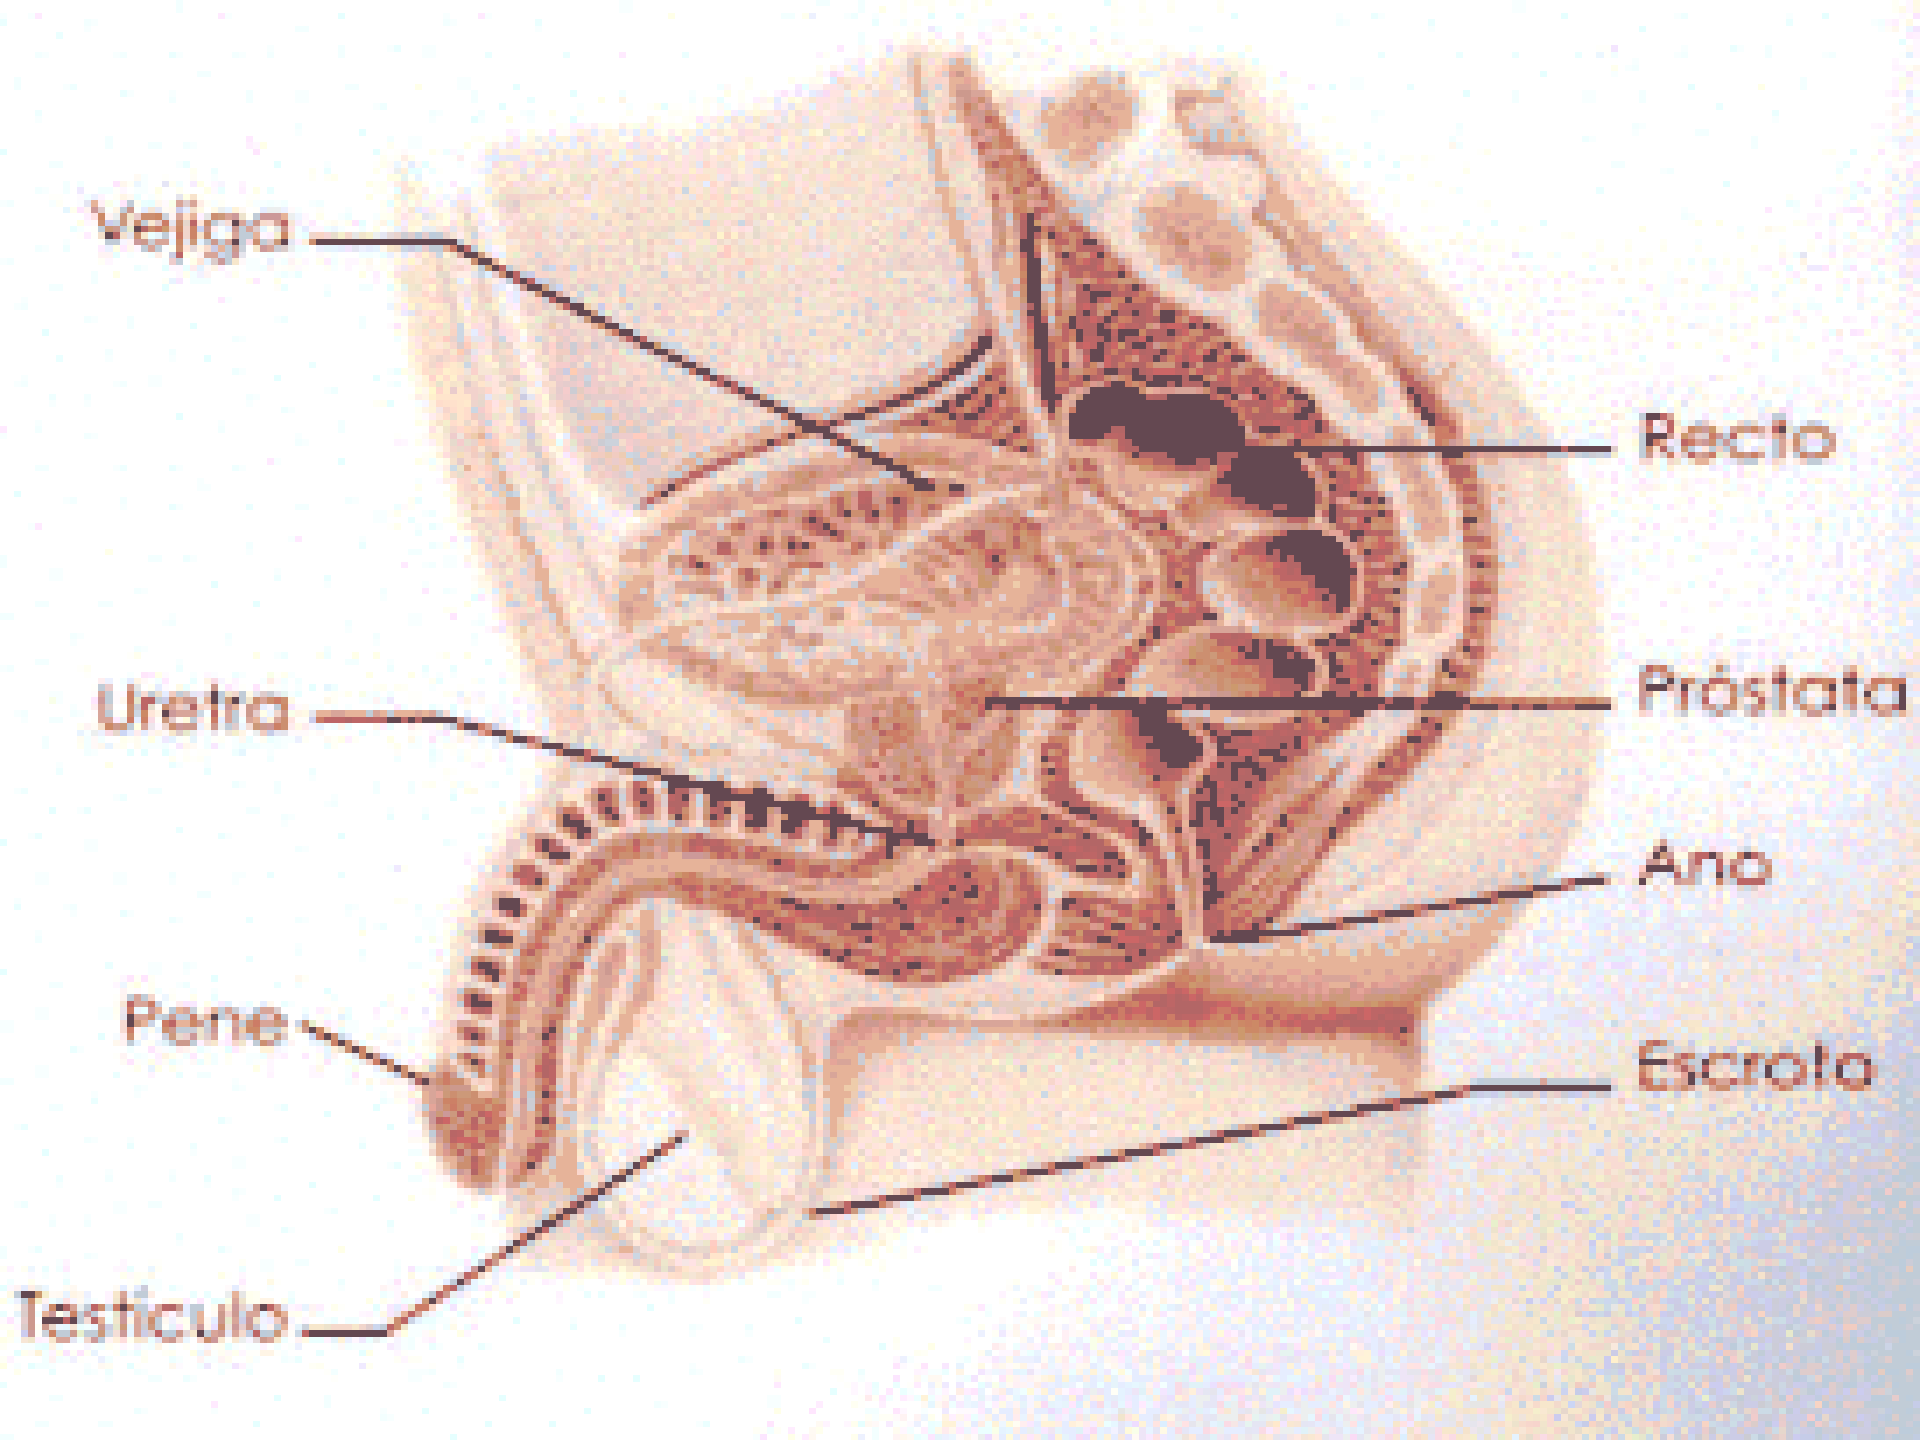

Los varicoceles están formados por venas que contienen válvulas defectuosas
